

Special Smiles for Special Kids

PATH/FVCT is working with The Humanitarian Foundation to bring Dental services to CT families. The Humanitarian Foundation believes that children with special needs should live as fully and as independently as possible. We are passionately committed to helping to alleviate the suffering and to improve the quality of life by providing dental care for those who otherwise may go without, one smile at a time.

Eligibility:

The Dental Care for Children with Special Needs Program is designed for children under 18 with one or more of the following conditions:

Cerebral Palsy

Muscular Dystrophy and related neuromuscular disorders

Intellectual Disabilities for profound to 2 years overall delayed. Documentation from the child's school licensed psychologist, or physician, may be required.

Dental Care for Organ Transplant recipients

Medicaid patients are not covered by the program. The Dental Care for Children with Special Needs Program is the secondary carrier when insurance is involved and acts as the primary carrier if no insurance is available, and covers the maximum allowable fees as determined by the Humanitarian Foundation.

Humanitarian Foundation is the Official Charity of the Grottoes of North America.

The Grottoes of North America Humanitarian Foundation is a 501 (c) (3) nonprofit organization that brings "Special Smiles" to children with special needs by providing them much-needed dental care. The program helps cover the costs of dental treatment, including hospital and anesthesia costs, when needed, for children with cerebral palsy, muscular dystrophy and related neuromuscular disorders, those with mental retardation, and organ transplant recipients.
